

APEXX™ Mini CNC Edge Roundover Wheel

- Designed to round the sharp edges inside of sink holes.
- Available in Single Wheel and Double Wheel versions.
- Single Wheel version can be used on top edge or bottom edge.
- Double Wheel version (for 3cm stone) can round over both the top and bottom edge in one pass.
- The wheels can be flipped over to use the other side for extra life.
- Fine grit - can be used for all types of stone.
- Wet use only.
